

PACK 431 Blue and Gold Food Drive To Benefit the Mana House Veterans!

The Mana House is a transitional living facility for homeless veterans located in central Phoenix. At the Mana House, veterans receive food, shelter, medical care, and the assistance they need to overcome the obstacles that led them to homelessness. In addition, Veterans receive assistance with finding jobs and new living accommodations. The Mana House receives only 80% of their operating costs through government grants—resulting in a mere \$1200/month to feed the 51 Veterans that reside there. The Mana House heavily relies on charities and donations to help feed their Veterans—which is why they need our help! Their food pantry is consistently low. Let's show our veterans just how much we support them by stocking their pantry with lots of food.! A donation drop box will be placed at the Blue & Gold Event. Thank you Pack 431!
